## Telcoinabox signs major new green friendly customer Imagine UN Limited

Telecommunications wholesale provider and franchisor, Telcoinabox has signed major new customer, green friendly listed company Imagine UN Limited (ASX code: IUL).

The contract win involves the migration of more than 2,000 Imagine customers and 7,000 phone lines to Telcoinabox's fully integrated telecommunications platform through which customers will have access to cost effective telephony products and services, including cheaper phone rates.

Telcoinabox will generate revenues of \$3 million over the next 12 months from this contract.

Damian Kay, managing director of Telcoinabox says this is a positive step forward in fostering relationships with ethical businesses.

"We love the idea of being aligned with a business that has made human necessities like water, phone and gas consumption into a planet saving venture.

"One stream of our business strategy is to provide community based organisations reliable and robust telephone and data communication services and now we are delivering it in the true spirit of corporate responsibility."

Telcoinabox has spent the last 12 months expanding and upgrading its infrastructure and companies like Imagine are reap the benefits of the one-stop-shop model of an all-in-one billing, provisioning and CRM system.

Imagine is a member based organisation which offers businesses and individuals greater cost savings for their utilities and telecommunications. Products offered are planet friendly and savings are donated to earth-preserving causes.

Telcoinabox has recently opened operations in the UK to service one of its largest service providers.
